MEMORANDUM FOR: Comptroller

FROM:

Executive Officer to the DDA

SUBJECT: CI Theme Package

1. Several days ago, you asked us to prioritize the ingredients of our Counterintelligence Initiative. As you are aware, we feel that we in the DDA are far behind the power curve in the acquisition of resources to support the CI effort. Both the Offices of Security and Communications have major roles to play in this endeavor and find themselves behind in the acquisition of the necessary tools to do the job. Since the CI Theme Initiative does indeed represent our initial request for resources in this area, and since we have already scaled down and stretched out this package, it is with great reluctance that we provide you with the following priority listing.

OC IBM System III Replacement
 OTE Ammunition Bunker Lighting & Fence
 OC Electronic SEDD & RF Intrusion Alarm
 OC Data Security Modules
 OS Positions & Funding (Pos. 6)
 OC Enhanced Data Encryption Standard
 OS ACMR Procurement
 OS IPMS Fluke Controller (Hq area)
 OS R&D Funding
 New Destruction
 New Locking Devices
 Document Tagging
 OTE Perimeter Fence
 OS ITC - Baseband LAN
 OC File Encryption Modules
 OC Internal Tempest Lab (Pos. 8)
 OC Autemp III
 OC Tempest Receiver
 OC Retain ARC Contract Level
 OTE Gatehouse Construction Improvement
 OC Shielding Techniques (Pos. 1)
 OC
 OC New Firehouse/Guardhouse
 OS Headquarters Compound

2. It should be noted that one of our Offices initially refused to prioritize their resources within the CI Theme Initiative because they strongly believed that all elements were essential to the initiation of our efforts. It was only after our insistence that they listed their portion of the Initiative in a ranking order. Again, we would hope that our CI Theme Initiative will remain intact so that we can successfully fulfill our responsibilities in this area.
